

Understanding AIR Ways

AIR Ways provides student performance reports for both the Interim Comprehensive Assessment (ICA) and the Interim Assessment Block (IAB). AIR Ways reports provide student performance data for a particular assessment or set of assessments. The type of data that appears in these reports depends on how the assessment is scored. Depending on the assessment, a report may display Score Data and/or Performance Level Data. Complete information about AIR Ways is available in the *AIR Ways User Guide*. Note: This brochure specifically addresses the reports available to TEs.

Logging in to AIR Ways

1. On your state portal, select your **User Role**.
2. Click on the **AIR Ways Reporting** card. The login page appears.
3. Enter your username and password. The **Dashboard** page appears.

Previewing Items in Reports

Any AIR Ways report table that displays scores for individual items also allows you to preview the items as they appear in the assessment. You can preview items in a blank state or with a student's entered response.

To Preview an Item:

- Click an item link in the report table.
 - To view an item in a blank state, click the item link in the first row of the table.
 - To view an item with the student's response, click the item link in the student's row of the report.
- The item preview opens in a pop-up window.

Item Preview (with Student Response)

The screenshot shows a pop-up window titled "Frequency Distribution of Student Responses" for "Item 1 on G6ELA-Interim-IAB-Listen: Demo Inst 9997, 2017 - 2018". It contains a table with the following data:

	Points Earned	
	0	1
# of Student Responses for My School	1	0
# of Student Responses for My Class	1	0

Below the table, the "Details" section shows:

- Topic: G6ELA-Interim-IAB-Listen
- Item Difficulty: Moderate
- Content Alignment: LISTEN/INTERPRET: Analyze, interpret, and use information delivered orally or visually

The "Item" section displays the question: "What is your favorite color?" with four radio button options: (A) Blue, (B) Yellow, (C) Red, and (D) Green. The "Yellow" option is selected. A text input field is visible next to the "Red" option, containing the text "E".
